

Door Sweeps Installation Instructions:

Step 1

Make sure the bottom of your door is clean of any dust or dirt.

Step 2

Size the sweep to the bottom of your door and cut to size.

Step 3

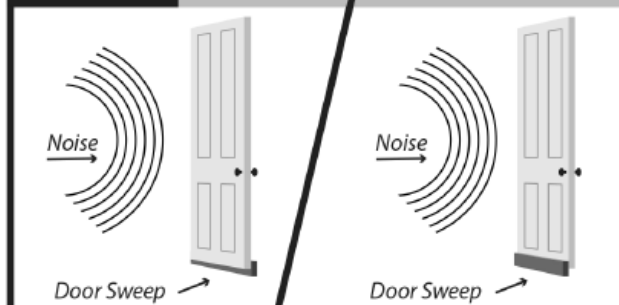

Apply the sweep to the bottom of the door. Only apply to one side of the door.

NOTE

Ok

Best

For best results, place the sweep on the side of the door where the noise is coming from.

Step 4

Peel off paper backing once the door sweep is applied.

NOTE

Be sure to apply the door sweep where the door can still swing open and close with relative ease.
